There were ſeveral Paſſengers of Diſtinction on Board, particularly M. de la Touche, who commanded at the Siege of Pondicherry, and there were likewiſe Magnificent Preſents for the Nabobs and chief People of that Country, and about three Millions of Livres in Specie, and 600 Barrels of Powder.

Liſbon, Sept. 20. The King has conferred the Dignity of a Count of this Kingdom on Don Sebaſtian de Caravalho, Secretary of State for Foreign Affairs, by the Title of Count Deyras. A few Days ago ſome Domeſticks belonging to Count Aubigny, the new French Ambaſſador to this Court, arrived here with great Part of his Equipage, and the Count himſelf is expected ſome Time next Month. We are informed by our laſt Letters from Spain, that four Men of War, and ten armed Chebecks, were ſailed from Carthagena, to cruize on the Barbary Pyrates, who have lately appeared in great Numbers on the Coaſt of Andaluſia.

Naples, Sept. 26. The Court is ſtill at Portici, where there was a grand Appearance of the Nobility and Gentry on Saturday laſt, to compliment his Majeſty, it being the Anniverſary of his Brother the King of Spain's Birth-Day. Their Majeſties intended Journey to Caſerta is put off for the preſent. The Chevalier Majo, who is appointed to take Care of the Affairs of this Court at that of Vienna, in the Room of Prince Campo Reale, waits only for his laſt Inſtructions, in order to ſet out for that Court.

Petersbourg, Sept. 29. Her Imperial Majeſty having informed the Senate of her Intention to ſet out for Moſcow the Beginning of December next, they have accordingly given Orders for getting every Thing ready againſt that Time for her Departure. Lieutenant General Brown, and M. Biberſtein, Director General of the Poſts in Lithuania, are both created Knights of the Order of St. Alexander Newsky. We learn by Letters from Moſcow, that a Fire had lately broke out in that Part of the Town called Nova-Baſmanowna, which had burnt down many Houſes and Warehouſes. The ſame Letters add, that the Houſes burnt down by the late great Fires, were for the moſt Part rebuilt.

Rome, Sept. 30. The Pope has cauſed an Ordonnance to be publiſhed, forbidding, under ſevere Penalties, the ſending of Corn out of the Eccleſiaſtical State, on Account of the Shortneſs of our Crops this Year in many Places.

Florence, Sept. 30. Count Richecourt, Preſident of the Council of this Regency, having received Orders to repair to Vienna, propoſes to ſet out for that Place the Beginning of next Week. There is now no more Talk of reinforcing the Garriſons of this Country, or thoſe of Lombardy; on the Contrary, 'tis ſaid, that ſome Regiments of Horſe, that are become uſeleſs here by the late Treaty of Madrid, for ſecuring the Tranquility of Italy, will ſoon be ordered to march from hence into Germany.

Stockholm, Oct. 6. On Monday Morning laſt the King came here from Drotningholm, and aſſiſted at the Deliberations of the Senate; and in the Afternoon his Majeſty returned to Drotningholm. General Count Mark, Commander of the Swediſh Troops in Finland, is arrived here from thence; and 'tis ſaid the 8000 Men, who went from hence ſome Time ago to work at the Fortifications in that Province, will ſoon be ordered Home. The Convention lately concluded with the Crown of Denmark, for ſettling the Limits in Norway, is made publick, and appears entirely calculated to ſtrengthen the preſent good Underſtanding between the two Courts.

Dreſden, Oct. 10. According to our laſt Advices from Poland, their Majeſties, accompanied by the Princes Xavier and Charles, arrived at Grodno on the 30th of laſt Month. The ſame Advices add, that the Day after their Arrival, the General Diet of the Kingdom was opened with the uſual Ceremonies; when Count Maſalſky, Son to the Caſtellan of Wilna, was unanimouſly elected Marſhal.

Copenhagen, Oct. 14. Laſt Night ended the Publick Rejoycings here, which have been kept three Days ſucceſſively, for the Reception of the Queen of Denmark. The Particulars whereof, which were as uſual on ſuch Occaſions, are as follow: On the 11th Inſtant, the Day appointed for the Entry, her Daniſh Majeſty, accompanied in her Coach by the Princeſs Charlotte, ſet out from Fridericksberg between Two and Three in the Afternoon, preceded by a great Number of fine Equipages, as well as Gentlemen on Horſeback, and eſcorted by the Guards. In this Manner her Majeſty proceeded hither, very ſlowly, and arrived at the Palace of Chriſtianſburg about Six o'Clock, where ſhe was received by the King. In the Streets, thro' which the Proceſſion paſſed, there were ſeveral Triumphal Arches erected; the Houſes on each Side being painted and adorned with Variety of Devices, and the Cannon of the Ramparts keeping a continual Fire from the Time her Majeſty's Coach appeared within the Walls, till ſhe alighted out of it at the Palace. There a magnificent Supper concluded the Evening, and each of the Gueſts received a large Silver Medal upon the Subject of the Day. On the 12th in the Forenoon, two new built Ships were launched, one of Seventy Guns, called Juliana Maria, in Honour of the Queen, and the other of Forty, called Moen, at which both their Daniſh Majeſties aſſiſted. This Ceremony being over, they returned to Court, where there was an elegant Dinner at ſeveral Tables. In the Afternoon a Daniſh Comedy, with an Italian Intermezzo,

was

was performed in the publick Theatre at the King's Expence; and in the Evening there was a magnificent Supper again at Court, followed by a Ball. On the 13th the Court gave an elegant Dinner, as before; in the Afternoon a French Comedy, and at Night a Supper and a Ball. The Town House, and all the Houses about the Palace, as well as several others, were finely illuminated in the Evenings of each of the three Days. The University likewise bore a considerable Part in this Festivity, by Speeches, Verses, and conferring of Degrees; and the Citizens, besides the Parade of their Militia, and other publick Demonstrations, had private Entertainments in their respective Houses.

Dusseldorp, Oct. 16. The States of this Dutchy, and those of Juliers, have opened their Assembly this Morning. We learn from Cologn, that a Fire broke out on Thursday last at a Wine Merchant's in that City, which burnt with great Violence, and reduced that, and several other Houses, entirely to Ashes.

Brussels, Oct. 17. M. Bellanger, Counsellor of the Domains and Finances of her Imperial Majesty in the Low Countries, is named to be one of the Council of State. M. Dupuy, who went some Time ago to Namur, to take an exact Account of the Revenues of the Clergy in that Province, is daily expected to return here from thence. The Government has ordered the Duty that used to be paid for the bringing of French Gold and Silver Lace into this Country, to be considerably diminished.

Hague, Oct. 19. Her Royal Highness the Princess Governante has been pleased to appoint M. van Eck, Major of the Town of Arnheim, to be Commandant of that Place. Yesterday died M. Roelands, Principal of the Chamber of Finances, and he is already succeeded in that Employment by M. Bassecourt. We are informed by Letters from Hanover, that his Britannick Majesty intends to set out from thence for England on the 8th of next Month.

The Right Honourable the Lieutenant General and Principal Officers of his Majesty's Ordnance give Notice, that they will be ready on Tuesday the 31st of this Instant, to Treat with any Owners or Masters of Ships for Freight of Stores, Timber and Deals, to Gibraltar, being about 220 Tons; and that they may attend with their Proposals accordingly at the Tower. DR. *JAMES*'s Powder for FEVERS, and other Inflammatory Distempers, published by Virtue of His MAJESTY's ROYAL LETTERS PATENT, will remove (as has been experienced in many thousand Cases) any continual acute Fever in a few Hours, though attended with Convulsions, Light-headedness, and the worst Symptoms: But if taken in the Beginning of a Fever, one Dose is generally sufficient to perform a Cure. *

It is likewise a most effectual Remedy for all internal Inflammation, Pleurisies, Quincies, acute Rheumatisms, and the Lowness of Spirits, and Uneasinesses proceeding from slow and latent Fevers, which are generally mistaken for Vapours and Hysterics; and a single Dose remarkably stops the Progress of a Cold, and certainly prevents the ill Consequences arising from that very common Disorder, the Source of almost all Distempers.

This Powder (which is a very safe and pleasant Medicine to take) is sold only by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over-against the North Door of the Church, at 2 s. 6 d. the two Doses, with good Allowance to those who buy it for charitable Uses, or to sell again.

* See a Dissertation on Fevers, and other Inflammatory Distempers, sold at the Place above-mentioned. Price 6 d.
